Duos Technologies Announces Platinum Sponsorship for Secure Rail 2016

Progressive Railroading Conference Will Address North American Rail Security

JACKSONVILLE, FL -- (Marketwired) -- 02/04/16 -- Duos Technologies Group, Inc. (OTCQB: DUOT), a provider of intelligent security analytical technology solutions, announced today that they will be the Platinum Sponsor for Secure Rail 2016. Presented by Progressive Railroading, this conference will address North American rail security from an organizational perspective. Conference sessions will feature strategies and insights from industry experts on how to manage employees, passengers, technology and assets to keep them safe from man-made threats and dangers.

"We are very pleased to once again have Duos Technologies not only as the Platinum Sponsor for Progressive Railroading's Secure Rail conference, but as a key presenter as well," said Kirk Bastyr, Publisher of Progressive Railroading. "Their intelligent video and sensor based intrusion detection systems for rail applications positions them as a leader in this field and makes them an excellent choice to lead the session on 'Emerging Technologies and Trends in Rail Security.'"

Progressive Railroading's Secure Rail Conference will be held on February 9-10 at the Sheraton Lake Buena Vista Resort in Orlando, Florida. Secure Rail is the first conference to address physical and cyber rail security in North America.

"Since 2002 our designs and systems have been used as a model for many different aspects of rail security," stated Felix Krupczynski, Executive Vice President and General Manager of Duos Technologies. "The Secure Rail conference is the perfect venue for us to share the depth and breadth of leading edge technology solutions that we utilize to provide our end users with improved situational awareness and overall efficiencies in security operations."
